CATHOLIC SCHOOL

3/20/20

Good afternoon,

You will soon receive a letter from the Office of Catholic Schools. This letter explains that, no, we don't have an official date back, but we will only do so when it is safe. This is changing so rapidly that I know your head is spinning like mine is! We will share more information when we have it, which will most likely be early next week.

Updated plans for the coming week will be up by 5:00 pm tomorrow. You can find those at [stailbeschool.org](http://stailbeschool.org) in the Emergency Closure tab. We want to ensure students are still growing, and we appreciate your unbelievable support in this!

As we are looking beyond next week, please expect a survey next week to get some feedback from the parent perspective as we move forward. As much as possible, depending on both mandates from the Arch and the state of Illinois, we'd like to consider what you've experienced as we move forward. This is new for everyone, and we want to ensure this works in getting our students prepared for the next school year. We want to continue the rigorous instruction at home in a manageable way.

You are wonderful. Consider this week and everything you've been through. Not only is this pandemic something like we've never seen before, but you are raising your child or children to be amazing young people while teaching things you may have never taught and while working. Holy kamole! This was asking a lot, and we've had such a wonderfully positive response. It may have felt messy, it may not have been pretty, but at the end of the week, our students have learned in a safe environment. You are wonderful.

Please stay safe and healthy. Please reach out if you need anything! We're in this together!

God bless,

Mrs. Mostyn
